OUR COMMITMENT TO DIVERSITY, INCLUSION AND GLOBAL ENGAGEMENT

The YMCA is made up of people of all ages and from every walk of life working side by side to strengthen communities. Together, we work to ensure that every individual—of any gender, age, income, faith, race, sexual orientation or cultural background—has the opportunity to live life to the fullest. We share the values of caring, honesty, respect and responsibility—everything we do stems from these values.

INCLUSIVE SPACES POLICY

The Attleboro Norton YMCA is an inclusive and welcoming organization for all. We welcome all people regardless of ability, age, background, ethnicity/race, faith, gender, income, national origin, or sexual orientation. We believe that in a diverse world, we are stronger when we are inclusive, our spaces are welcoming and open to all, and everyone has the opportunity to take part in the YMCA. The YMCA does not tolerate any form of discrimination or harassment from members, employees, volunteers, contractors, visitors, or other persons with a business relationship with the YMCA.

Nonbinary/Transgender members have the right to be addressed by name and pronoun corresponding to their gender identity. The YMCA will assign gender as male, female, or nonbinary in the member/program management system based on the members preferred identity. The YMCA will assign the name the member wants to be called in the member/program management system and indicate the member's legal name for accounting purposes. We value each of our members and will act in care and discretion with this information.

Some members/guests may express discomfort regarding nonbinary/transgender individuals using the facility that is consistent with the transgender person's gender identity. Another members discomfort is not a reason to deny access to or equal treatment for the transgender individual. YMCA Directors shall work with members to address the discomfort and to foster understanding of gender identity for the purpose of creating an environment that respects and values all Y Members. What's important to reflect on as a community is creating a culture of respect, consent and trust, more so than attempting to label and categorize bodies based on aesthetics. In a restroom or locker room no one should be looking at other people's bodies without consent.
